Modern simplicity is the theme concept of EGDE. By bringing the harmony of curves and lines together created a stylish contemporary new shape. The straight and unique wider rim flat plates allow the freedom of imagination to create and to design patterns that can fully furnished the entire rim space making the plates look prominent and astonishing on your dining table. The hollowware, especially cups and coffee/tea pots, are in modern conical shape.

Cups are designed with handle as a one piece item. For hotels and restaurants, three sizes of stackable cups are specially designed to serve the hospitality segment. Modern in design, sophisticate in look, simple and practical in usage make EDGE the best choice in your tableware selection.

All of our products passed the United States Food and Drug Administration (USFDA) in meeting with its international standards and safety regulations, related particularly to lead and cadmium releases.

Tip&Trick

Here are some easy tip you can follow to help ensure your Royal Porcelain tableware continues to serve your everyday gourmet for the longest time:
